

## **NEWSLETTER December 2015**

Flame Art Memorial Beads would like to wish you all a very Merry Christmas and a Happy NewYear.

It has been a busy 2015 for me, exhibiting at the Celebrants Association of New Zealand's Conference in Blenheim in May, and at the FDANZ's Annual Conference in Auckland in September.

My [Facebook page](#) is well viewed and shows much of my current work.

In addition, I exhibited at the SANDS conference in Wellington where my Memorial Glass items were well received. To that end, I have developed a few new items in particular for stillborn or early infant death and these are typically in the form of teddy bear ornaments approx 8cm high.

I also make other animal ornaments for those not wishing to wear Memorial Jewellery.... ie: Kiwis, Elephants, Dolphins etc. and these are ordered as a 'special request' on my [order form](#).

I am currently experimenting with using sand in my Memorial Bead designs and results so far are encouraging. It means that for those who have scattered ashes at a beach, or have other memories such as engagements or weddings, they can get a small amount of beach sand encased as a keepsake.

I am moving from Picton over the Xmas season to start a new life and studio in the Nelson area.

The printable order form on my website has my new contact details although my cell phone number remains as 0273608153.

Kind Regards, and thankyou for your support during 2015.  
Emily Lake
